The London Window Cleaner is already working with some of the biggest names in the care sector: BUPA, FSHC, Barchester, Grooms-Shaftesbury ... Each home has differing needs and requires different methods of cleaning. One solution will not fit all, but we have many solutions to propose. Even if the call is for abseilers or cranes, we have got it covered.

Care for Residents.

Our employees are assigned to specific sites; therefore you know who will be caring for your property. The Staff have been trained and are accustomed to working around those with dementia, learning difficulties and the physically handicapped. Discretion, a warm smile and an understanding of the specific needs of others has brought them high praise from our clients. Many of your residents probably spend long periods enjoying the views onto a garden or the wildlife. We understand how important it is for them to have a bright view on the world.
