

The London Window Cleaner Ltd.

Why choose The London Window Cleaner Ltd.?

We've got it covered.

We have been caring for various schools and colleges across the London region for a number of years. We offer annual and semi-annual maintenance services to both the private and state sectors; providing abseilers, cranes, high-reach pole cleaning with pure water and good old traditional methods. Whatever might be required for your site, we've got it covered.

Quality is assured.

We don't cut corners at The London Window Cleaner. We offer realistic pricing to ensure that you receive the best quality of service without compromise. This has meant cleaning thousands of small panes of glass for one of our clients - all by hand.

All of our operatives are fully trained for the work that they undertake and our Health and Safety record stands as testament to this. This means that you can leave the window cleaning worries to us, assured of good results to follow.

It's your choice!

Some companies would have their clients sign lengthy contracts, obliging them to use their services. However we understand that special events might call for an extra clean, or budgetary constraints might require you to reduce services. Why feel under pressure in these circumstances?

We believe that you have the right to choose but we would like you to want to choose us.

With most schools opting for a thorough clean over the Summer holidays and an Easter/Autumn external refresher – Can we tailor a solution to your properties?

If you would like to have a chat about various options for your School or College :
please feel free to contact James or Christopher on 0800 633 5779
alternatively you may prefer to write to us at Enquiry@TheLondonWindowCleaner.com
